More about Us!

Kidderminster is the largest of the towns in the District with a population of over 55,000 and is located in the Wyre Forest District, amongst the beautiful rolling hills and ancient woodlands. Nevertheless, it has easy access to the M5 and M42 Motorways as well as only being 12 miles north of the city of Worcester and 20 miles south-west of Birmingham.

Kidderminster Medical Centre was formed in 2016 by the merger of Forest Glade Medical Centre and Kidderminster Health Centre. We moved in to our brand new purpose-built premises with state-of-the art facilities in August 2016, located in the town centre. The dynamic team offers a range of key services to over 13,800 patients using a Dr First approach to our appointment system which works well and we also have a dedicated visiting team.
